SUMMARY

Software Engineer with a background in Quality Engineering, and skills from the University of Washington Continuum College Coding Bootcamp in JavaScript, HTML, CSS, Bootstrap, jQuery, API, and Node.js. Persistent and consistent about learning programming and developing software products which can resolve daily challenges and improve life.

TECHNICAL SKILLS

Languages: JavaScript ES6+, CSS3, HTML5
Applications: GitHub, Git (Command lines)
Tools: Node.js, jQuery, Bootstrap, APIs, Express.js, MySQL

PROJECTS:

Music Trivia App

- Summary: Music Trivia game App, where the user is provided with a lyric, and the user then guesses the song.
- Role: Readme.md write up
- Tools: HTML, CSS, JavaScript, Bootstrap 4, Font Awesome, jQuery, Musixmatch API, Youtube API

Weather App

- Summary: Weather app that provides current and future weather forecasts in cities.
- Role: Sole author
- Tools: HTML, CSS, JavaScript, jQuery, Weather API, Bootstrap, Font Awesome

Work Day Scheduler App

- Summary: A day planner App that allows a user to save events for each hour of the day.
- Role: Sole author
- Tools: HTML, CSS, JavaScript, jQuery, Bootstrap, moment.js

EXPERIENCE:

Sales Associate Walmart Lynnwood-WA

- Control of nonconforming material using the Claim App, consequently reducing the number of defective products on the sales floor.

Quality Engineer ABC Douala-Cameroon

- Set up a new maintenance inspection practice that consequently improved product quality and reduced costs by 20% by producing lesser defective products.

- Carried out assessment on the product quality performance and post market product analysis to get information(data) and feedback about the product hence identifying potential product quality issues and implementing corrective action for continuous improvement.

Project Manager Brasaf Douala-Cameroon

- Managed projects aimed at improving product quality and process reliability and conduct statistical analysis of data to communicate results with customers.

HSE Coordinator Tradex Douala-Cameroon

- Developed and established procedures on health, safety, and environment for the project in compliance with ISO Standards and led toolbox meetings with a group of 50 workers on the construction site

Quality Engineer COMOBUS Douala-Cameroon
- Used Statistical Process Control SPC and other quality principles and tools to monitor the production process to ensure defect free bath tissues there by reducing the production of scrap 29%.
- Recommended and implemented corrective action and monitored to ensure consistent product quality reducing nonconforming products by 12%.

Quality Engineer CHEDE Cooperative Douala-Cameroon
- Coordinated the ISO 9001 certification project and implemented the Quality Management System for a better product differentiation in the market.
- Enhanced Process throughput 10% by applying lean manufacturing.

EDUCATION:

University of Washington Seattle,WA
Coding Bootcamp

University of Ngaoundere, Cameroon
Master of Engineering, Agro-Industrial Engineering

University of Buea
Bachelor of Sciences, Biochemistry

CERTIFICATION:

ASQ Certified Quality Engineer
